> **Tools & Technologies:** HTML5/CSS3, React, SASS, BEM, JS, ES6 Modules, Webpack, NPM, Babel
> **Description**: App for the links saving. Built using React architecture and Web Storage API
> **Project Web Site:** https://dmytrokryshenyk.github.io/React-bookmark-link-manager/build/
> **Project sources:** https://github.com/DmytroKryshenyk/React-bookmark-link-manager
> Also, I made this bookmark manager using the MVC pattern architecture (link below)
> https://dmytrokryshenyk.github.io/js-group-3-4/js/module-14/build/

▸ **Stopwatch** - personal self-study project
> **Tools & Technologies:** HTML5, CSS3, JS, OOP
> **Description**: The stopwatch was created using Vanilla JS with some OOP approaches
> **Project Web Site:** https://dmytrokryshenyk.github.io/Stopwatch-OOP/
> **Project sources:** https://github.com/DmytroKryshenyk/Stopwatch-OOP

OTHER EXPERIENCE AND INFORMATION ABOUT ME

- 7 years as a video editor,
- 2 years as a camera man,
- 2 years freelancing as a graphic video 3d-animator,
- 1 year as a sound engineer,
- 3 years as a sales consultant of tourist equipment.

I'm into a healthy lifestyle, traveling, biking, skiing and so on. I spend part of my free time on my own projects and self-study activities. I am interested in urbanism, natural sciences and psychology. I'm resourceful and able to figure out how to solve issues by myself.

EDUCATION

2010-2015 / Uzhhorod National University / Faculty of Physics / Physics / Level of qualification - Master degree

LANGUAGES

▸ English – Pre-Intermediate
▸ Ukrainian – Native Speaker
▸ Russian – Advanced
